

Sales & Production Technician

Not afraid to get your feet wet or your hands dirty? A little heat doesn't make you wilt? Have a goal of reaching 10,000 steps in a day? Consider it done.

We are looking for a creative, energetic person for our new *Sales & Production Technician* position. This opportunity will allow you to contribute to an environmentally conscious business as well as learn lifelong skills, enjoy lots of fresh air, and utilize your creativity.

DESCRIPTION OF DUTIES/RESPONSIBILITIES

Reporting to the Assistant Manager, the Sales & Production Technician performs the following duties:

- Production: transplanting cuttings and seedlings, mixing soil, filling containers, planting containers, assisting with custom planting orders
- Irrigation: watering, fertilizing
- Plant maintenance: deadheading annuals, pruning annuals, replanting
- Housekeeping: maintaining a clean working/growing environment, reorganizing benches, assisting with opening/closing duties
- POS operations: sales receipts, sales transactions, gift cards
- Customer service: greeting, assisting customers with plant selection, boxing/packing purchases, loading customer vehicles

QUALIFICATIONS/EXPECTATIONS

A flair for customer service, a positive attitude and a willingness to learn are integral in becoming a garden centre associate with our business. The applicant must and be fairly flexible with daily duties. This position can be very physically demanding; applicants must be able to lift up to 45 pounds, and be able to stand, bend, and crouch for extended periods. A good understanding of iPad software will be an asset.

Length of employment: 14 weeks, April 6th - July 12th

Hourly wage: \$13.00/hour

Hours per week: 40
